

# GIVING OPTIONS

## Pre-authorized giving

An increasing number of donors are using pre-authorized donations to make regular contributions to God's work. In the same way that they pay some of their monthly bills...authorizing the automatic transfer of a specified amount from their bank account on a specified date. This method is available to SIM Canada supporters who would like to enjoy its advantages.

### Convenience

You do not have to write cheques, supply envelopes and postage, or make trips to the post box. And you know your contributions are being received by SIM regularly. You don't have to remember to send them in.

### Simplicity

One authorization form looks after all monthly donations for as long as you wish. You may cancel or make a change anytime with just a note or a phone call to SIM Canada. Please provide two weeks notice.

### Economy

You will receive just one tax-deductible receipt per year.

### Control

You maintain complete control of your account and may issue a stop payment order at any time.

### Security

Pre-authorized donations are theft proof. No lost cheques either.

### How

1. Complete the Pre-authorization Form.
2. Mark a blank personal cheque 'VOID'  
(SIM uses a specimen cheque for internal verification purposes.  
Please DO NOT SIGN IT!  
*If you change your bank account, you may simply send us a new 'voided' cheque).*
3. Mail both to SIM Canada
